Welcome

Since 1981, Executive Fliteways has provided worldwide private jet transportation to a diverse and discriminating clientele.

Headquartered at New York's MacArthur Airport (ISP), with bases at Westchester, NY (HPN), and at Monterey, California (MRY), our charter aircraft are available 24 hours, 7 days a week.

We invite you to expect excellence, and in doing so learn why our client list includes so many Fortune 100 companies and leaders in government, sports and entertainment. Our personnel are committed to making your unqualified satisfaction not just a goal, but a guarantee.

We are ready to take your call . . . 1.800.533.3363

Most Fortune 1000 companies operate their own aircraft, use air charter, or do both. They do so because they appreciate the many time saving and security advantages that private aviation allows.

At Executive Fliteways, the journey is as important as the destination. We listen to our passengers and then tailor our services to their stated preferences. In-flight gourmet meals, many times regionalized to the itinerary, served by attentive flight hostesses...the local and national newspapers...enthusiast magazines and publications...in-flight DVD libraries...or just an opportunity to recline the seat for a few winks before the next stop. No request is beyond the limits of our concierge hospitality.

With our capable in-house fleet and access to more than two hundred Air Charter Alliance member aircraft worldwide, we always find the aircraft that best matches a trip profile. And, by utilizing an Alliance member aircraft, the highest standards of quality, safety, and service are guaranteed.

Our charter professionals are ready to answer your questions
... 1.800.533.3363.

The management of an asset as costly and complex as a corporate jet requires an attention to detail that exceeds the scope of most companies. At Executive Fliteways, we pride ourselves in our ability to provide the most cost effective and timely use of a management client's aviation asset.

We offer a choice of full aircraft management, charter/management or shared ownership programs. Each program is well designed to assure that our clients capture **all the benefits of aircraft ownership without any of the administrative, regulatory and operational burdens**. Our experienced team handles every detail from the screening and hiring of crewmembers to the scheduling of flights. We personalize each management contract to reflect the utilization goals of you, the owner...and place the highest priority on your stated preferences.

The rates for aircraft management vary with the type of aircraft and level of service provided. Contact us for a quote and for information on an aircraft that you currently own or about a purchase you may be considering.

For a confidential, no-obligation consultation

Acquisition and Sales

The aircraft professionals at our company have bought and sold scores of aircraft in all types of economic climates. We will survey the pre-owned market and recommend the best aircraft or we will work with the manufacturer to procure and outfit a new jet. In either case, you can rest assured that your new acquisition is the best value in the market place...[the right aircraft at the right price.](#)

After a particular aircraft is selected for acquisition, we handle all details including negotiation, documentation, pre-purchase technical inspection, test flight, closing, final acceptance and delivery.

Sales? Whether trading up, down, or out...the same experience is applied at your side of the table.

Fractional ownership and pre-paid card programs . . . they seemed like a great idea whose time had come. But logistic complexities continue to impose limitations, and after the better part of two decades, these programs remain a costly promise unfulfilled.

If you are ready to evaluate other ownership or travel options, we invite you to consider Executive Fliteways. We make your satisfaction a guarantee.

And that's a promise we have been delivering on every day for more than a quarter of a century.

Confidential. No obligation.
